

## CRIMINAL HISTORY BACKGROUND REPORT AUTHORIZATION

Ronald McDonald House® Akron (“RMH”) conducts a criminal history background check on all individuals (18 years old or older) who will be staying at RMH. In selecting family members and visitors for temporary residence, RMH screens individual’s suitability for temporary residence among other families. A criminal conviction record which reveals behavior that may adversely affect another individual’s (e.g., other temporary residents, guests, staff, volunteers) health, safety, welfare and ability to peacefully enjoy the RMH facility shall result in your application for temporary residence being denied. This information will include but not be limited to allegations and convictions for crimes committed upon minors and will be gathered from any law-enforcement agency of this State or Federal government, to the extent permitted by State and Federal law. For example, and without limitation, convictions of violent crimes, domestic violence, child abuse, sex offenses, illegal drug activity, burglary, and/or weapons charges will result in rejection of your application.

This form includes a Criminal History Background Report Authorization form for you to review and sign. **Each** family member or overnight visitor (18 years old or older) who intends to establish temporary residence must **separately** fill out this form and the Criminal History Background Report Authorization form. Once we receive the completed form, RMH will have an independent third party conduct a criminal history background check.

RMH will attempt to obtain and use a criminal history background “consumer report” from a “consumer reporting agency” when considering your request for temporary residence while your child (or family relation) is receiving medical treatment at Akron Children’s Hospital and local medical facilities. These quoted terms are defined in the Fair Credit Reporting Act (“FCRA”), a law which RMH deems to apply to you.<sup>1</sup> As an applicant for temporary residence at our facility, RMH is considering you to be a “consumer” with rights under the FCRA.

**Please understand that RMH solely will obtain a criminal history background report to assist it in determining whether to grant you temporary residence. RMH is not obtaining a “consumer report” for any other information and will NOT be conducting a credit check. Information pertaining to allegations and convictions for crimes committed upon minors may, at the sole and absolute discretion of RMH, be shared with representatives from Akron Children’s Hospital and local medical facilities, and, by signing, you authorize such disclosure to Akron Children’s Hospital and local medical facilities.”**

If RMH considers any information in the criminal history background report when making a temporary residence decision that directly and adversely affects you, you will be provided with a copy of that report. You also may contact the Federal Trade Commission about your rights under the FCRA as a “consumer” with regard to “consumer reports” and “consumer reporting agencies.”

<sup>1</sup> A “consumer reporting agency” is a person or business that, for monetary fees, dues or on a cooperative nonprofit basis, regularly assembles or evaluates consumer credit information or other information on consumers for the purpose of furnishing “consumer reports” to others, such as RMH. A “consumer report” that will be used by RMH is any written, oral or other communication of any information by a “consumer reporting agency” bearing on character, general reputation, personal characteristics, motor vehicle record, or mode of living that is used or collected for the purpose of serving as a factor in establishing the consumer’s eligibility to stay at RMH. A “consumer report” also may include, without limitation, information about your employment history, educational background, or your criminal history background.
